

Do you know that the ingredients in Ever Moist have been used for centuries to heal and moisturize?

Ever Moist™ is made using ALL Natural Ingredients with Organic Texas grown Aloe Vera base for healing, & Tea Tree Extract for antifungal and antibacterial properties

Packaged in a 16 oz spray bottle making it easy to apply to your horses hooves.

If you have a problem bending over you can adjust the sprayer to "stream" and simply aim at the hoof! Just Spray-N-Go!

Also convenient for your "all over" body spray after showering

We also package Ever Moist™ in a 2 oz small personal size4 Your Skin

Purchase 3 or more bottles for FREE S&H 16 oz bottles or 2 oz bottles

Case quantities available (16 oz bottles - 12 per case) Gallon size also available

A note from the Creator of Ever Moist™

A miracle in a spray bottle!

Many Uses for Ever Moist™

Created for a problem with very dry horse hooves, our customers have found uses for Ever Moist™ that amazingly work for many other conditions:

- **Healing** sunburn, cuts, and scrapes on people, horses, cats and dogs
- Keeps sebaceous glands under control **healing facial skin problems**
- **Stops pain** instantly on burns from fire or hot surface contact
- Spray on human feet for dry **calloused conditions**
- Helps **Relieve Pain** associated with arthritis in hands
- Keep poison ivy, eczema, psoriasis and other **rashes from itching**
- Keep **Ant Bites** and other **insect bites** from hurting and **itching**
- Spray on body **after showering** to increase moisture content
- Spray on hands to keep them from getting **cracked and dry** (especially in the winter months)
- Spray scalp after shampooing to control **dandruff**
- Spray on body after **tanning** for skin recovery
- Relieve horses from **itching** their manes and tails
- Keep the dry **dandruff flakes** out of manes and tails
- Relief for dogs with **flea allergies** and **hot spots**
- Help to **control fungus** and **dry coat conditions on horses, dogs and cats.**
- **Relief for minor muscular pain** on horses, dogs, people

Ever Moist™ absorbs quickly without leaving a residue, unlike many lotions or oils on the market. Some of the Ever Moist™ advocates are even spraying it like a "leave in" creme rinse after bathing their horses and dogs to maintain a shiny coat! If you have a skin or pain problem and have tried everything else....try Ever Moist!! I even use it on my chapped lips!

Try Ever Moist™ let us know how it works for your particular problem!!

For Horse Owners.....

*****Spraying Ever Moist™ on your horse's hooves as a regular grooming practice, and especially just prior to the hoof trimmer arriving will insure that the he/she will have an easier job, and consequently the horse a better trim.**

Please let us know how you benefit from using Ever Moist™. I will sincerely appreciate any feedback. Thank you for your interest in Ever Moist™ and we look forward to your comments and questions.

Created to Repair Dry Horse Hooves

NOW a "MUST HAVE" for

Every Emergency Kit

Kitchen -- Bath -- Workshop

***Does your skin feel itchy under
your clothes ??***

Then you **NEED Ever Moist™**

Ever Moist™ will help stop the itch associated with psoriasis, eczema & dry skin.

Ever Moist™ is **GREASELESS!**

It even disappears after applying, making one think it's not working.....but it has absorbed and is doing it's healing magic!

Ever Moist™ is an all botanical product.

Among it's ingredients are Aloe and Tea Tree extract. This product will not harm people, or animals. It is gentle enough to use for chapped lips, facial acne, and men rave about how good it feels when used after shaving. Will help to heal the raw spots from flea allergies, and hot spots on dogs & cats.

Ever Moist™ will keep ant bites & other insect bites from festering, swelling, and hurting. It will repair the damage to the skin even if not applied immediately.

AND along with supplying moisture and healing to the skin.....

Ever Moist™ will also help stop the pain associated with all kinds of burns, minor muscle pain, AND arthritis.

Your Ever Moist™ Distributor

Ever Moist™ is GREASELESS, allowing the skin to breathe.

Ever Moist™ is Antibacterial and Antifungal, promoting healthy skin, clear of blemishes

Testimonials about the Product (see more online)

"My little girl got sunburned and we sprayed the Ever Moist on her **sunburn and it stopped the pain instantly.** She did not peel after applying the Ever Moist several times a day. Thank You Ever Moist!" -- **A. Simpson - West Texas**

"I am a professional cosmetologist. We all use Ever Moist **after bath and tanning** to seal in body moisture!!!!!! Then if you must, go ahead and apply your regular lotion." -- **Rita H. - TX**

"I started using Ever Moist for my **dry calloused heels** and am now using it for everything including **cuts and scrapes and ant bites on the kids.** Thank you for a great product and its so easy to use!" -- **J. Rudel - TX**

"My two bottles arrived...very quick! Unfortunately, I haven't had time to try it out on hooves but did spray some on one of my husband's hands which has been badly burnt by a nasty chemical glue in the past. His hand is always very calloused but in an unnatural way. The Ever Moist softened it within 10 minutes without giving it the look of just coming out of a soak! Great!" -- **C. Louwers - France**

Hey, I just had to call to tell you about another person who benefited from Ever Moist! My niece has eczema and her skin itches constantly. Her mother sprayed her down with Ever Moist in the morning and her skin didn't itch the whole day!! Isn't that something?! -- **M. Massaro -- TX**

"I have enjoyed this product not only as a hoof [exfoliator], but also as a skin moisturizer for myself! I hope you might soon consider offering Ever Moist in bulk (gallon size). Thank you for this great product!"-- **C. Wylie -- WA**

"I just love this product as an after shave and also use it on my scalp after shampooing. It's the only product I've used that keeps my scalp from flaking especially in the winter." -- **D. Herrin -- TX**

"After trying it on the hooves and reading the information I sent for the bottle in the barn when I burned my hand on an oven rack. It immediately stopped the hurting! I now keep a bottle in the kitchen for such emergencies! Thanks!" -- **M. Leiser -- TX**
